

Concrete Hoppers

Concrete Hoppers - This particular accessory is a self-dumping hopper which automatically sets off to dump whenever bumper release contacts the side of a dumpster. As soon as dumping is done, the hopper goes back to a locked and upright position. This piece of machinery is also accessible with a cable that enables operation from the seat of the lift truck in order to have the option of manually dumping the hopper. There is a locking chain provided so as to lock the hopper to the fork truck. This product is made with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper even has a blue powder coat finish in order to maintain durability.
